Issue 49, August 2022

It's time to think and act globally on employment tax risks

As global mobility and business travel re-emerge from lockdown, revenue authorities are likely to analyze employment taxes more closely.

Often a barometer of a company's broader management of taxes, employment tax can be an area revenue authorities analyze, leading to challenges in other areas of taxes. With employment taxes often referred to as a "hidden" tax, and with responsibility for compliance often spread across multiple parts of an organization, many companies are looking closely at these taxes. But who holds ultimate responsibility?

Is it time for your organization to name an employment tax leader who can coordinate and manage these issues? That's the question posed in [this first](#) of a series of three EY articles that look at employment taxes through a tax risk and controversy lens.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit ey.com.
