1	<p>Employer social security discount for selected groups of employees</p> <p>For selected categories of employees, (e.g., parents caring for young children, students, people under 21, people over 55 or 60, people with disabilities or retrained employees) a 5% discount on employers' insurance premiums will be introduced. The employer's contributions would thus be only 19.8% instead of 24.8% for the employees concerned.</p> <p>An amendment to Act No. 589/1992 Coll. came into force from 1 February 2023. From this date, employers are able to send electronically to the Czech Social Security Administration (CSSA) a notification that they will apply this discount. The CSSA will then inform the employer whether it has registered its intention and the discount can be applied.</p>	<p>Employers who plan to claim the discount for selected employees should notify the relevant CSSA of their intention and have their payroll systems adjusted so that the discount is calculated correctly.</p>
