Rethinking Tax Operations: Why co-sourcing is transforming compliance and controversy management

As tax complexity intensifies, organizations are facing a growing paradox — significant investment in compliance is not reducing the cost or frequency of tax controversy. In this article, [Why managing tax compliance and tax controversy should be co-sourced](#), authored by EY Partners [Luis Coronado](#) and [Steve Foster](#), we explore why leading tax functions are rethinking their operating models and turning to co-sourcing as a strategic solution. By integrating internal expertise with external, technology-enabled capabilities, co-sourcing helps enable better data quality, greater transparency, and a shift from reactive dispute management to proactive risk prevention. Discover how this approach is helping organizations improve outcomes, enhance efficiency, and create a more sustainable model for managing tax risk.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via [ey.com/privacy](#). EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit [ey.com](#).
